

PROGRAM OFFERINGS

SUMMER CAMP

A limited program is available this year **ONLY** to children transitioning between programs (children entering the Toddler Program or the Early Childhood Program). These transitioning children will spend part of each morning exploring the Montessori environment and part of the time outdoors on the playground where they'll enjoy the sandbox, water table, bubbles, play dough and play equipment. A brand new and improved Summer Program will be offered in the summer of 2009.

If your child is entering the Toddler Program or the Early Childhood Program in September and you are interested in the summer transitional program, please contact the school.
